PROPERTY DEAL IS CONSUMMATED

Wm. N. O'Neil & Co. Purchase
Yates Street Block
Alterations Are Planned For
Firm's Use

An important property deal has just been put through by the real estate firm of P. R. Brown & Sons, involving the purchase by Wm. N. O'Neil & Co., the well-known firm of glass merchants, of the two-story brick building at the southwest corner of Yates and Langley Streets. The purchase price was in the neighborhood of \$15,000. The building, in the old days, was occupied by John Piercy, and the present tenants are H. W. Davies & Sons, auctioneers.

Will Alter Building.
Wm. N. O'Neil & Co. propose to make extensive alterations with the object of converting the building into a modern structure, to be occupied by the firm. At present the firm has modern premises in Vancouver, the local warehouse being located on Ladysmith Street. C. Riach is the local manager.

The firm has been contemplating for some time past the acquisition of more central premises to cope with its increasing business in Victoria and the West. The firm will, immediately the present tenants vacate the building, institute extensive remodeling alterations to the Yates Street block to be utilized as show-rooms, factory and warehouse. Tenders will shortly be invited for the contemplated alterations. The front of the building will be of tile and will have a most attractive appearance. The mirror and art glass departments, and the beveling and silvering plant, as well as modernly equipped showrooms will have a place in the new building, and special attention will be given to the decorative scheme for the show-rooms. Manager Riach expects the company to be installed in the remodeled central premises within two months.

WOULD LINK UP SETTLED AREAS

Bridge Over Victoria Arm Is
Desired

Victoria West Brotherhood
Sponsors Scheme

A bridge over Victoria Arm to link up the thickly populated areas of Victoria, Esquimalt, and Saanich in the vicinity of Arm Street and Harriet Road is the suggestion offered by the Victoria West Brotherhood at a most enthusiastic and largely attended meeting in Semple's Hall last night.

A bridge at Arm Street and Harriet Road would be right on the boundary between the three municipalities, and therefore the Brotherhood suggests that all councils should get together on the matter. A conference is requested, and the general feeling is that success will follow the efforts of the people of the districts. The possibility of using the dismantled Johnson Street bridge was mentioned.

The resolution asking for the bridge was moved by C. F. Banfield and seconded by E. Plowright and carried amid great enthusiasm. It reads as follows:

"Whereas there is a general desire to link up the interests of the thickly populated areas of the city, and whereas a population of several thousands in Victoria, Esquimalt and Saanich suffer through lack of proper bridge connection over the waters of Victoria Arm;

"And whereas it is essential, if Victoria's industrial areas are ever to be made a success, that transportation facilities to and from the sections mentioned should be available;

"And whereas the erection of a bridge at Arm Street and Harriet Road, which forms the boundary between the three municipalities, could be carried out at comparatively small cost;

"Be it resolved that we, the Victoria West Brotherhood, do unanimously request the municipalities of Victoria, Esquimalt and Saanich and the Provincial Government to take steps toward having a bridge built across the arm at said point.

"And be it further resolved that the councils of the municipalities in question and the Provincial Government be asked to arrange a date for a meeting with representatives of the Victoria West Brotherhood to discuss the matter and that in the meantime the Government and municipal engineers be asked to bring in a report as to the feasibility of the scheme; and that a copy of this resolution be sent to all the parties concerned and to the Victoria Chamber of Commerce and the Esquimalt Board of Trade."

Plan a Banquet.
It was decided to hold a monster banquet on Tuesday, March 7, and a committee was appointed to carry out the arrangements. It was also agreed that the City Council should be asked to make the usual yearly appropriation for the Victoria West Park. The Police Commissioners will be asked for improved policing in certain parts of Victoria West, and an application will be made to Esquimalt municipality for the improvement of Craigflower Road from the City boundary to Admiral's Road.

CANNOT CONSIDER BUILDING APPEALS

City Powerless Unless Assessment Appeals Filed

Court Makes Some Changes in Land Assessments

No changes will be made by the City Court of Revision in City Assessment. The court, however, will consider appeals from assessments made by the City Assessor. The court will also consider appeals from assessments made by the City Assessor.

This developed to-day when the Court of Revision commenced its sittings and found that it had no power to listen to protests from improvement assessors. The court will, however, consider appeals from assessments made by the City Assessor.

It was impossible, however, to decide what are inequalities in building assessments. The court will, however, consider appeals from assessments made by the City Assessor.

Assessments will remain as fixed by the Assessor unless owners have filed appeals.

It has been the plan of the aldermen to give owners an opportunity to appeal against improvement assessments even if they neglected to file formal appeals. This course had been decided upon because a new movement, sponsored by Alderman Joseph Patrick and having for its object the levy of an improvement tax here, got under way a few days ago. In the past owners have not bothered much about improvement assessments as no taxes have been levied on improvements.

Some twenty appeals against land assessments were considered by the Court of Revision to-day and some changes made in the figures fixed by Mr. Snowcroft. Two appeals were filed the night before last, and the court will consider them at a session of the Court to-morrow.

Mayor Marchant, Alderman Todd, Alderman Leaman and Alderman Woodward form the Court of Revision. The Esquimalt and Oak Bay Courts of Revision will meet to-night.

MEET OBSTACLES TAYLOR INQUIRY

Los Angeles Police Complain of Hindrance

Letters and Handkerchief Among Things Missing

Los Angeles, Feb. 8.—Indications that powerful influences in the motion picture world were endeavoring to direct the inquiry about the murder of William Desmond Taylor into certain lines and to prevent its extension in other directions were reported to-day by officers employed on the case. Taylor was shot and instantly killed here last Wednesday.

The officers said to-day that ever since their investigation got under way they had been meeting unexpected obstacles and that these were growing more evident day by day.

Letters.
Included in these obstacles was the disappearance of bits of evidence, including letters written to Mr. Taylor by Mary Miles Minter and Mabel Normand, and which were believed to have been in his home when he was shot. These letters were gone immediately after the shooting and reported with it were also letters from Mr. Snowcroft, which were believed to have been in his home when he was shot. These letters were gone immediately after the shooting and reported with it were also letters from Mr. Snowcroft, which were believed to have been in his home when he was shot.

Handkerchief.
Another disappearing clue was a handkerchief initialed "S." but which the police did not believe was the property of Edward F. Sands, former head of the film director's union, with the case. The police said they believed this handkerchief belonged to a motion picture producer, and they wanted it so they would have something tangible with which to confront him as a basis for interrogation.

Publicity.
Former efforts to end the wide publicity given the case and those reported yesterday, representatives of Miss Minter seeking to prevent publication of many things.

The disappearance from Taylor's home of a woman's pink silk night dress, which was said by Henry Peavey, houseman, to have been kept there, was another item in the list of occurrences deterrent to the investigation and vigorous efforts were being made to find out what became of it.

The police announced that they proposed to limit the news given out by them in future.

Los Angeles, Feb. 8.—The whereabouts of Mabel Normand's and Mary Miles Minter's letters to William Desmond Taylor, missing in the investigation, are the subject of the issuance of a complaint charging murder against Edward F. Sands, Taylor's missing former butler-secretary, and a renewed activity of the detectives toward declarations that the sweetheart of a screen actress was seen near Taylor apartments the night of the murder were angles early to-day of the police investigation of the motion picture mystery.

Returned.
The letters written to Taylor by Miss Normand and for which she searched his apartments vainly two days after his murder have been returned to her, according to three detectives working on the case. The return was made it was declared, after a man connected with the film world, who had taken them for some unknown purpose during the confusion surrounding the murder, had returned them to her.

The letters were returned to Taylor's body, had been threatened with a Grand Jury investigation. Who made this alleged threat was not stated. But a representative of Miss Taylor's body, who collapsed after the funeral (Concluded on page 4.)

MINISTER GIVES SUPPORT TO DANCES

Ontario Pastor Says Not All
Dances Bad

Hamilton, Feb. 8.—"I think that certain types of religious revival, especially those in which prostitution take place, are just as debilitating and just as debasing as the extreme modern dance," said Rev. Richard Whiting, pastor of the Centenary Methodist Church, in commenting upon Rev. Dr. Chown's condemnation of the modern dance.

"The old Puritan ideal is the ideal of Dr. Chown and the Methodist Church."

"He speaks of the 'careful pastor' and his knowledge of its effect (the effects of the modern dance, as known by him), but the fact is there are a great many pastors who don't know life—they only know books."

"There are numbers of men and women who dance the modern dance who are just as pure and who have just as high ideals as the people who keep harping about it."

DRAIN PROBLEMS IN MANITOBA

Winnipeg, Feb. 8.—Until farmers in districts where soil drifting is prevalent will abandon wheat growing to the exclusion of mixed farming, the task of keeping drains open will be impossible, and as a means of forcing a change in methods farmers should be charged with the expense of such repair work, H. The report points out that under these conditions it is impossible to carry on repair work with horses, and no machine to do it has been invented.

SCHOOL PUPILS MAY DANCE.
London, Ont., Feb. 8.—Despite the opposition of a deputation from the Ministerial Alliance, the Board of Education yesterday authorized the students' council to hold a dance in connection with the opening session of the new College Institute.

B.C. DELEGATION GOES TO OTTAWA

Will Press For Equalized Freight Rates

Vancouver Board of Trade Sends Men

Vancouver, Feb. 8.—"We realize the importance of our mission and will do our best to discharge our duty to our fellow-citizens of British Columbia."

This was the brief acknowledgment made last night by President J. P. D. Malkin to the hearty expression of "Godspeed" from the Vancouver Board of Trade to the delegation which, on Thursday, will entrain for Ottawa to press British Columbia's claim for equalized freight rates, for development of Vancouver harbor and for other measures necessary to the growth of the industrial life of this community.

Interprovincial Trade.
"We do not know what success we shall have in our objective," said G. D. McGeorge, K.C., Government counsel in the freight rate case, "but we do know that the message the business men of Vancouver take to the business men of the East is bound to have a good effect and to bring appreciably nearer the day when Eastern Canada will realize the vital necessity to the whole Dominion of developing interprovincial trade in the West and of opening up our gateway of commerce on the Pacific."

The Board's meeting room was crowded in recognition of the importance of the occasion and the delegation was armed with a series of memorials pressing upon the Government measures deemed necessary for the proper development and expansion of British Columbia industry.

NO AUTOMOBILE BAR ORIENTALS

Legislation Regarding Employment Is Ultra Vires

Decision Made by Canadian Supreme Court

The Legislature of British Columbia has no authority to enact legislation providing that "in all contracts, leases and concessions of whatsoever kind entered into, issued or made by the Government, or on behalf of the Government, it shall be made that no Chinese or Japanese shall be employed in connection therewith."

Judgment Yesterday.
The judgment of the Supreme Court of Canada declaring that the British Columbia Statute of 1921 regarding Oriental labor was ultra vires was given yesterday. Chief Justice Sir Louis Davies wrote the judgment, which was handed down in Ottawa.

The Canadian Press representative in Ottawa, who has followed the judgment yesterday afternoon, saying the Supreme Court had declared the Legislature of British Columbia has no authority to enact legislation regarding Orientals.

In the dispatch the questions submitted to the Supreme Court were wrongly reported.

Questions.
The questions before the Court were:

1. Had the Legislature of British Columbia authority to enact Chapter 49 of its Statutes of 1921, providing an Act to validate and confirm certain Orders-in-Council and provisions relating to the employment of persons on Crown property?

2. If the said Act be, in the opinion of the Court, ultra vires in part only, then in what particular is it ultra vires?

In the judgment, Sir Louis Davies, said that the Orders-in-Council which are scheduled to the Act in question, and are attempted to be validated thereby, provide that "in all contracts, leases and concessions of whatsoever kind entered into, issued or made by the Government, or on behalf of the Government, it shall be made that no Chinese or Japanese shall be employed in connection therewith."

Beyond Power.
"This legislation is ultra vires the Provincial Legislature," said Sir Louis.

"(1) Because by Section 91 of the British North America Act, 1867, it is within the exclusive legislative authority of the Dominion, not withstanding anything in that Act, to make laws for the peace, order and good government of Canada with relation to any matters coming within the classes of subjects described in Sub-Section 25 of Section 91 as 'naturalization of aliens.'"

He goes on to state that this provision of the British North America Act was construed by the Judicial Committee of the Privy Council with relation to British Columbia legislation affecting Chinese and Japanese in two earlier appeals.

Conflicts.
"The legislation in question conflicts with the Japanese Treaty Act of 1913, of the Dominion of Canada," he continued. "By this Act it is declared that the Japanese Treaty of April 8, 1911, set forth in the schedule of the Act, is hereby sanctioned and declared to have the force of law in Canada, with the exception of two provisions, neither of which is pertinent in any way to the question now before us."

The Chief Justice said that the Province attempts to discriminate and to put the Japanese on a footing less favorable than that of the subjects of the most favored nation."

This is contrary to the obligations of the treaty," he said, "and is in direct conflict with the Dominion Statute, which must prevail under the powers conferred by Section 132 of the British North America Act."

"The Legislature of British Columbia (Concluded on page 4.)"

LABOR LEADER SCORES DRURY

Tom Moore Says Ontario Cabinet Hampers Cities

Ottawa, Feb. 8.—Premier Drury and his followers evidently believe in a policy of degrading the city worker until he will return to the farm to avoid starvation, declared Tom Moore, President of the Trades and Labor Congress, yesterday, in expressing disappointment at the reception the Provincial Cabinet accorded the Provincial labor representatives recently.

"The predominant idea in the minds of the majority of the Ontario Cabinet Ministers seems to be that city conditions must be brought to the level of labor conditions on the back lot farms in order to prevent an exodus from what are in many instances unsatisfactory conditions on the farms to work in the city," Mr. Moore said.

ICE BREAKER IS NOT TO BE BUILT Federal Ministry Cancels Contract at Montreal

Ottawa, Feb. 8.—The contract for the construction of an icebreaker awarded to the Canadian Vickers, Ltd., in November last, and signed by the Minister of Marine and Fisheries on December 14, 1921, has been ordered cancelled, and the Government, it is stated by officials of the Marine and Fisheries Department, will thereby save over \$1,000,000 instead of constructing the new vessel.

The Government has authorized the purchase of the icebreaker John D. Hazen, which was sold in an unfinished condition to the Russian Government, but which got no further in her way to Russia than Cherbourg, France, from where she is to be returned to Canada.

Work on the construction of the new icebreaker at Montreal was ordered suspended shortly after the King administration took office, and reputation which came to Ottawa from Montreal urging that the work be allowed to proceed were given little hope in that regard.

The purchase of the vessel now lying at Cherbourg for \$250,000, together with the cancellation of the Vickers' contract, was approved by the Governor-General.

DISCUSSED AIR PLANS FOR EMPIRE

London, Feb. 8.—Great Britain's backward position in aviation as compared with the activities of France, the United States, Italy and Germany, was the theme of speakers at the Empire Air Conference here yesterday, and the co-operation of the Government and the aircraft builders in a bold militant policy was urged.

Lord Gorell, Under-Secretary of State for Air, said final replies to the question of financially supporting an Imperial airship service had been received from New Zealand and South Africa only, and both were in the negative.

Great Britain's suspension of air activities was due solely to financial considerations, and was in no way final, the Under-Secretary added, and he was convinced that the Empire would eventually be linked up by main airship lines, with branch aeroplane connections.

In his review of aviation developments abroad, Lord Gorell laid particular stress on the policy pursued in Canada of providing civil government aircraft in assisting development by both the Federal and Provincial Governments.

SMALLER STATES IN AUSTRALIA

London, Feb. 8.—Recent advice from Australia indicates that the movement of the subdivision of Queensland, West Australia and New South Wales into a number of smaller states within the Commonwealth is being given greater prominence.

Cables recently stated that the Labor Party was behind the movement, or at least that it would give a greater measure of local autonomy.

The movement, however, is still embryonic, in that it has not reached the stage where introduction of legislation along these lines is contemplated. In the meantime, those interests and organizations most in favor of the idea are engaged in a campaign of education of the people towards the desired goal.

A Stitch in Time

Quick action is the only hope when kidney disease appears.

There is a whole train of dreadfully painful and fatal ailments which soon follow any neglect to get the kidneys right. Among others are rheumatism, lumbago, Bright's disease, hardening of the arteries and high blood pressure.

In Dr. Chase's Kidney-Liver Pills you will find a treatment which is both quick and thorough.

Mr. C. E. Raymus, Lindale, Alta., writes:—

"I was a great sufferer from kidney disease and lame back for more than a year. A friend of mine one day told me of Dr. Chase's Kidney-Liver Pills, and acting upon his advice I tried them. After I had taken one box I felt better, so I continued until I had used five boxes. SPENT HIS MONEY ON FAKE MARRIAGE

Man Deported From Maine to Canada

Portland, Maine, Feb. 8.—A tale of a honeymoon trip from Halifax to New York on which he spent \$1,700 only to learn that he had been the victim of a fake marriage ceremony was told by J. McIntosh, immigration officer here yesterday. He was ordered deported to St. John, N. B., because he had entered this country in violation of the immigration laws.

McIntosh told the officers he had withdrawn his money from a savings bank in Halifax before starting for New York with his supposed bride. She disappeared, he said, leaving a note informing him that he might consider himself "single and fancy free" and that she was returning to Canada to be married to another man. He said he spent most of his remaining cash to get to Boston, whence he walked to this city, arriving with 85 cents in his pocket.

PUT AN END TO SCHOOL DANCES

Fall River, Mass., Feb. 8.—Because the "shimmy" and the "toddle" and the "Washington Johnny" were supplemented at intermission with moonshine excursions to remote parts of the city, high school dances in this city are banned for the rest of the school year, so the school committee last night after a long discussion of charges surrounding recent school dancing incidents.

Conservative elements sought to have established a set of rules that would "curb" abuses of the social privileges of the school, but when complaints declared that it was growing to be the custom for young men to drive at the dances with flasks not too well concealed in their pockets, summary action was voted.

BIRTHRATE CONTROL IN UNITED STATES

Milwaukee, Wis., Feb. 8.—The United States must either control the birthrate or put a stop to modern methods of disease control in order to lower the death rate, because if it does not choose one of the alternatives it will find itself, in time, unable to support the burden of a superabundant population, said Professor E. A. Ross of the economics department of the University of Wisconsin, in an address on "Controlled Fecundity and the Future of Immigration" here last night.

BOSTOCK SPEAKER OF THE SENATE

Ottawa, Feb. 8.—The appointment of Hon. Hewitt Bostock, former Liberal Senate leader, as Speaker of the Senate, was announced last night.

Seattle, Feb. 8.—Ell and George Dukich, eighteen and sixteen years of age, said to be the youngest prisoners ever indicted in district court here for violation of the national prohibition law, were placed on trial yesterday charged with possession and transportation in an automobile of intoxicating liquor.

Late Pope Never Worried About Money

Archbishop of Lemberg Tells of Lavish Gifts

New York, Feb. 8.—"Perhaps the most striking thing about Pope Benedict XV's personality, at least as it revealed itself to Bishops, was his really princely generosity. When he gave, which was often, he gave with the air of a Prince, and it was most impressive."

The speaker was the Archbishop of Lemberg, the Most Rev. Count Andrey Szeptycky—pronounced Sheptysky—who has arrived in New York with letters of introduction from the late Pope. His mission is to try to interest Americans in the frightful condition of destitution which prevails in his district.

"I knew the lamented Holy Father very well," continued the Archbishop, "having visited him several times. My first experience of his generosity and the way in which he extended it was when I went to Rome to appeal for help in starting my orphan asylum. I began by telling him about the tens of thousands of little children who are now virtually naked and starving, but he interrupted me by saying: 'I know about the conditions in your diocese, and I know that no other diocese in the world suffered in the war as yours did. For almost eight years you were a battlefield. You were devastated by Russians, by Prussians, by Austrians, by Turks, by Magyars, by Bolsheviks and by Poles. You have been ravaged by typhus fever, smallpox and other terrible plagues, till I wonder how many people at all are left there. What you need is money, is it not?'

"I replied that it was. The Pope thought a few moments, then walked over to a large coffer that stood against a wall in his room, unlocked it, drew forth some money and handed it to me, saying 'Perhaps that will help.' To my astonishment and delight I found he had given me 100,000 lire."

"Any Bishop or priest who ever had to go to him can tell a similar story. I knew a priest who was in financial difficulties and went to Rome to plead for help. The Holy Father listened to him and asked: 'How much must you have?' 'A thousand lire,' replied the priest. The Pope opened that same coffer and handed the priest 2,000 remarking with that fascinating, quizzical smile of his: 'I think you can make use of that.'

"After the British took Jerusalem and the Zionists began pouring into Palestine, it became known that the British Protestants and the wealthy backers of Zionism were raising large sums of money for propaganda work in the Holy Land. Eminent churchmen remarked that the money that it was the duty of Catholics to do something to maintain the traditions of their faith in Jerusalem. He agreed, the matter was talked over, and it was decided that the Pope should make a generous donation. When it came to settling upon the sum to be given, a 100,000 lire was suggested as suitable. But Benedict said: 'No, no, the Pope cannot give a 100,000 for such a purpose. A private individual, yes, but a 100,000 lire is not gift for a Pope. Put me down for a 1,000,000 lire.'

"That was the way, and when his financial advisers remonstrated with him for being so extravagant, he always replied that he had faith that any money given for a worthy charity would come back with interest."

SURPRISE WITNESS AT ARBUCKLE TRIAL

Chicago, Feb. 8.—Attorney Albert Sabath will leave for San Francisco within a few days with a surprise witness, who, it is said, will tell new and important facts at the new trial of Roscoe C. Arbuckle. The attorney disclosed his plan to-day but refused to tell the name of the witness or to tell of the information which will be given.

Mr. Sabath said that the defence counsel, goaded by their failure to free Arbuckle at two trials, will lay bare every shred of information bearing on the past of the dead film beauty, Virginia Rappe.

"The vote of ten to two for conviction by the last jury," Mr. Sabath said, "ended the defence policy of shielding her. It appears almost impossible to free Arbuckle and at the same time steer the testimony clear of the facts about Miss Rappe's condition. We must show the kind of life she led."

The third trial of Arbuckle has been set to begin March 13.

Save the bird in hand—
The others may be hard to catch

With enough money, enough time and enough luck, a man may get back the health he has lost—or part of it.

It takes patience, too.

And then there may be no success, or only a little.

It's better to save what you have than hunt for what you've lost—as, the most successful health-restorers will tell you.

Much of the loss of health is due to faulty, careless diet. Wrong meals at all times and right meals at wrong times load the long-suffering digestive

organs with elements of destruction, or starve the tissues and glands of needed elements.

Grape-Nuts is a delicious cereal food which has the qualities of scientific nutrition. It supplies the full richness of those splendid food grains, wheat and malted barley, together with the vital mineral elements, so often lacking from foods. Served with cream or good milk, Grape-Nuts gives full nourishment without over-loading the stomach.

A splendid thought for breakfast or lunch, for those who would keep health—

LUMBER MARKETS STEADY; TRADE LIGHT

Railroads Increase Wood Buy- ing; Building Demands Grow

New York, Feb. 8.—With conventions of retail lumbermen occupying the spotlight actual trading recently has been spotty, according to the review of the market by "Lumber."

"Soft woods have more than held their ground during the week," says the review. "A definite strengthening factor that has appeared in the Northwest is the purchase of quantities of car material in Douglas fir. Further commitments have been made by the railroads for rolling stock, the Northern Pacific having closed during the week for new equipment that

includes a number of refrigerator cars. Other lines are placing requirements, or are preparing to do so and the car building companies are more active in the market for material as a result. At the moment Douglas fir seems to be favored in this buying, though there is some increase in car material orders in velvet pine.

Statistics available this week show that city building permits made a remarkable showing in December an early January permits are also holding up well. There is every indication that lumber demand will increase in the near future in preparation for the open building season. With the railroad buying that is now in progress, and the prospect that this steadily increase, the outlook is for a large volume of business.

The hard woods have shown no material change. Buying is not expected to be heavy until after the furniture exhibits and the automobile shows are over, these events being expected to open up a forecast of activity in these industries. There is a slight increase in hard wood stock, but demand is not much behind production and prices have held firm

CANADA NEEDS ROUSING.

Although most people will understand that it would cost this Province a great deal of money to inaugurate and maintain a policy that would guarantee proper and continuous treatment of tuberculosis in all cases, it is beginning to become apparent that public sentiment is prepared to support any proposal that is calculated to curtail the toll which the disease is exacting from the sparse population of British Columbia. How many people realize that in this Province of ours there are something like four thousand tuberculous subjects? They are not all in a serious condition. Many of them will recover and remain producing assets. But the official records will show that more than four hundred people die of tuberculosis every year in British Columbia. Are we to let this go on in the fatuous belief that the annual damage is inevitable? Will the average British Columbian fail to do his part towards stamping out this frightful disease when he stops to consider the fact that the Provincial institution at Tranquille is equipped with accommodation for three hundred cases only? Is he ready to put his signature to the death warrant for the three or four thousand who are compelled to fend for themselves in a tragically unequal battle? We think not.

On more than one occasion we have alluded to the necessity for a national programme that would provide the equipment to fight the plague or it should be fought. We take care of our criminals. There is no waiting list at any of the Provincial jails. The mentally deranged are a charge upon the country and removal to the atmosphere of official care takes place when the symptoms take obvious form. That the respective retreats in which these two classes of society are looked after are not over-taxed by the annual admission of "tenants" is a matter for congratulation. But what could be more uneconomical than a policy which nurtures at great expense those members of society whose very condition places them in the bad debt category and yet virtually ignores the population whose producing capacity could be preserved and enhanced by the acceptance of a similar obligation in their case? We must have jails. We must have mental institutions. And the people must find the money for their maintenance. We will leave it to the actuary and the public health statistician to assess the annual loss which British Columbia sustains—and the Dominion as a whole for that matter—as long as the T. B. is practically left to his own devices.

It is highly gratifying to observe that the Vancouver Rotary-Kiwanis-Gyro bodies intend to petition the Provincial Government in support of a Commission to deal with the whole problem. A plan of this sort would at least stimulate public interest. It would be better still if these three organizations throughout Canada would band themselves together and conduct a crusade in behalf of the thousands who might be saved if given a chance. But until the people who do not know anything about this horrible disease are awakened to a sense of their responsibility to themselves and to the nation as a whole, Governments will not act. If a Rotary-Kiwanis-Gyro campaign failed in that the case would be quite hopeless.

THE COURT'S DECISION.

The explanation given by the Canadian Press, Ltd., of its misinterpretation of the decision of the Supreme Court of Canada yesterday regarding the constitutionality of the British Columbia Statute of 1921 prohibiting the employment of Japanese and Chinese by persons holding con-

tracts under the Government is that the confusion arose from an erroneous statement of the questions before the Court, the essential one of which was answered in the negative. The first and main question as reported by The Canadian Press was:

1. Does the said Japanese Treaty Act, 1913, operate or apply so as to limit or affect the legislative jurisdiction or powers of the Legislative Assembly of the Province, and, if so, in what particular or respect?

The actual question was:

1. Had the Legislature of British Columbia authority to enact Chapter 49 of its Statutes of 1921, entitled "An Act to validate and confirm certain Orders-in-Council and provisions relating to the employment of persons on Crown property?"

The two questions plainly are very different in construction. But in view of the decision of the Court that the British Columbia Statute of 1921 was ultra vires of our Legislature because it was in conflict with the Act of the Dominion Parliament bringing the Treaty of Japan into force in Canada, it would seem to a layman that the outcome would not have been different if the Court had to answer the question which was erroneously stated to have been before it.

The Japanese Treaty Act according to the decision certainly clearly affects the legislative jurisdiction or powers of the Province in this particular respect. Article One of the Treaty with Japan provides that the subjects of each of the high contracting powers shall have full liberty to enter, travel and reside in the territories of the other, and be placed in all that pertains to travel and residence on the same footing as native subjects. The effect of this provision, however, in its relation to travel, is modified by what is known as the "gentleman's agreement" between Canada and Japan by which immigration to the Dominion from the Island Empire is limited to 400 a year; but this is apart from the Treaty as ratified in London and Tokyo, which Canada had to adopt as it stood or leave alone.

BE CHEERFUL.

While Victoria will very probably be spared anything like a serious epidemic of the mild form of influenza which seems to have arrived in this country from the other side of the Atlantic it would be a good thing for everybody to take a little more than average care while the vagaries of 'tween season climate are with us. At the same time who shall say that influenza fears are not responsible for a good deal of the influenza? Obviously there are symptoms—definite physical symptoms—of the prevalent malady. But it goes without saying that by getting "run down" by a form of suggestion the invitation to infection is much more cordial than it otherwise would be. If you keep cheerful you will eat and sleep better than you will by continually feeling your own pulse and increasing the depression that is an invariable preliminary symptom of the trouble. Not everybody can accept the chances as philosophically as the undaunted Tommy expected the bullet that had his name on it. None the less that sort of spirit is usually the best human armor plate.

ONE GERMAN HUMORIST.

Nobody would credit a German with an over-developed sense of humor. Comic relief has no part in his make up. But the world will always remember one outstanding exception. The brightest of international jokes was perpetrated in the town of Koepenick fifteen years ago by a German cobbler whose name was Wilhelm Voight. His death at Luxembourg a few days ago revives the incident in question. It will be remembered that Voight impersonated a captain of the Guards and in that character went with four soldiers, whom he had ordered to follow him, to the little Prussian town of Koepenick. When he had arrived at his destination he ordered the municipal authorities to hand over their cash. This they did and Voight disbanded his men and disappeared. He was arrested later and sentenced to a short term of imprisonment.

One could almost believe that the late Wilhelm Voight was a thoroughly human Prussian who would have hesitated before slaughtering innocent and defenceless people. At any rate he

has gone to his grave with the knowledge that he made the world laugh.

NOTE AND COMMENT

It is good to know that Canadian movie-land is bestirring itself. Surely this country ought to be able to produce enough to entertain the most discriminating of us.

That "Republican" resolution passed by the extreme element among the South African strikers was the last straw upon the back of public opinion. The revulsion of feeling which followed is another endorsement for the Smuts policy.

How many people know that the soldier tuberculous patients at Tranquille publish a monthly magazine to make money for the purchase of underwear and to provide a little pocket money for the ex-patient as he goes his way into the cold, competitive world? This is the case.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. THE REEVESHIP CONTEST.

To the Editor:—While Mr. Tuckwell bravely comes to the assistance of the Municipal Clerk, although he hardly knows "all" that has taken place in recent years, there is not one word to champion the cause of the Municipal staff of the Municipal Health Centre.

If Mr. Tuckwell has followed this contest nearly every meeting of the work of these good nurses has been "besmirched" with the slur of being "unfit" to be in charge of the Municipal Health Centre.

It is true they have not seen fit to write "two-column articles" to defend themselves; their work is sufficient to give the "all" to the critics.

If these self-same critics had only spent as many seconds on the battle-grounds of Europe as some of these good nurses have spent months, then they would very likely have their heads in shame.

When that last "Great Calamity" should come, I know who it will be that will be more honored—the one whose caseload shall be shrouded with the grand old Union Jack, it will not be the critics of the nursing sisters.

MRS. H. E. WILBY.

To the Editor:—Another link connected with Victoria's past is gone to her reward in the person of Mrs. Henry Wilby, whom I had long known, and her husband (the late) died many years ago. I used to meet her often on her way to and from the hospitals, on her mission of mercy, and she has now gone to her reward. The family arrived in Victoria from San Francisco the same year as our family, 1859, and strange to say went to live on the same street, so we were friends from the first. The hospitals knew her, and that right well, until the last few years, when she was unable to go to work, and she died with regret to say good-bye to them, but not before she had pointed many a frantic or wayward one into the right path. I met her often and conversed with her on her success, and she admitted that she was satisfied with the result. She leaves us, two months short of 95 years. Requiescat in pace.

BLUE SUNDAY.

To the Editor:—When Mayor Marchant announced his candidature for the office of Mayor, he particularly promised that if elected he would be absolutely non-partisan in politics, devote his entire time to the position and do his best to advance the interests of all concerned. Accordingly, we elected him.

We find immediately after his election he accepted the position of President of the Baptist Union of Western Canada, and incidentally as Police Commissioner discussing the possibility of closing cigar stands, fruit stores, drug stores and so forth on Sunday. At the present time these small store-keepers are suffering from hard times, perhaps more than ever before, and property holders are finding it very difficult to pay their taxes. These stores have always been a great convenience to people on Sunday with no direct cause of complaint.

A few narrow-minded persons are objecting to the business the drug stores are doing on Sunday. No line of business has suffered more than druggists by competition from Department stores big interests. It is only a small minority that is trying to deny the majority of our citizens of having the desired convenience of the stores referred to being open on Sunday. Why interfere with present conditions?

I cannot help but feel that the Mayor (who agreed to be non-partisan) by accepting the presidency of the Baptist Union has caused the negation of his pre-election promise, and which places him where he must, in order to be consistent, study the

present office staff would require to be re-adjusted. My idea in this regard is to disburse with the Misses Gilling and Bull, appointing in their place either Mr. Green or Mr. Bell.

The work now being carried out by Messrs Green and Bull to be undertaken by Messrs. Sewell and Bell or Green.

To appoint Miss Butt stenographer and Clerk and to give you a good senior Clerk-Bookkeeper as your side-kick.

The present male stenographer would act as second Clerk and Police Court Stenographer (if required).

A similar re-adjustment in the Works Department would follow. Now this is all figurative and needs careful thinking out and planning, but the outline above expresses my thoughts.

The whole point is that—you are, without my wishing to throw bouquets, of more use to the Municipality as Manager than as Clerk. Whilst as a Municipality we can afford to pay a Manager his dues, yet in the capacity of Clerk, I don't think we can.

Whilst the whole thing is speculative, yet there is consensus of opinion in favor of the Manager system. Whether my outline is on the right track is another matter, but it nevertheless affords a basis to work upon.

You will wonder why I am writing at this length. It has been said that you would "resign" if you had to suffer a decrease, however small, in your salary. Your name has never been specifically mentioned, but the inference has been there.

Now, whilst I shall probably be the "scape-goat" to move an all-round reduction of ten per cent. I do so in order to avoid a more drastic cut.

interests of the Baptist Church or of the back and call of the Lords' Day Alliance. The Mayor cannot serve two masters, therefore, in accepting this prominent position in a religious body, he is doing justice to the ratepayers of the city or adhering to his promise to the electors of being non-partisan in office?
TAXPAYER.

IMMIGRATION.

To the Editor:—Your article on immigration as being a solution of the present difficulties of this country is not very good reasoning. By bringing more people here when there is such a large number of unemployed would be more in the nature of a disaster than beneficial. It is undoubtedly true that Canada can sustain many more times her present population, but until such time that the unemployment question is solved it is unwise to predict that immigration would help the citizens of this country.

You mention that the United States was built up by immigration after the Civil War. No doubt this is true but the vast majority of immigrants had something definite in mind with a clear understanding of what they were going to do before leaving their own country. They were far from being all land settlers, many of them taking up the same kind of occupation as they were accustomed to, others adapting themselves to anything that came along. For years there was a steady demand for workers of all classes at a higher rate of wages than paid in the older countries and this was the chief factor in bringing immigrants into the United States.

If your figures are correct in stating that it costs at least a billion a year for government under various heads for a population of 8,500,000, my conclusions are that we are not getting efficient service.

SAANICH REEVESHIP.

To the Editor:—Reeve Watson at Toimie School last evening asked, "Had I attempted to bribe Clerk Cowper?"

Without desiring to hurt the good name of Saanich I do most emphatically say that it is a disgrace that such a man should hold the honored position of Reeve.

His statement and insinuation were false and he knew it. The same evil genius that prompted him to force an unfair subdivision plan through seems to again have prompted him to malign my character.

I am giving the letter, i.e., as much of the letter that Clerk Cowper is able to decipher, which is a certified copy of the letter which the Reeve chooses to "damn a man's character" and if your readers are sincere and wishing to do that which is fair, then let them act in the light of the following letter by voting for Mr. Simpson, so that Saanich administration can be purified.

ERIC G. KINGWELL.
The letter is as follows:

Confidential.
Royal Oak, B.C., Sept. 30, 1921.

Dear Mr. Cowper:—The salary and wage cut is "not" dead as I had hoped, on the contrary they are still worrying, and have again asked me to bring up this, now vexed question.

This true, living conditions have come down somewhat. This is borne out by the reduction that is noticeable in the price of water mains. If the reduction has not reached Victoria, then it is the fault of the middleman or wholesaler.

From a strictly agricultural standpoint, all our products have come down in value, but there is no corresponding decrease to offset it, with the result that "farmers" will continue until there is a "howl".

Whilst I am satisfied, in my own mind, that there are day wages and salaries that can be justly cut, yet I feel for the duties being performed you are not altogether overpaid.

That is not so much the issue in my mind, as the greater factor, can we afford a high salaried Clerk? I say for this reason, that Saanich has reached a stage in its progress, when the policy of administration has to be altered.

It is my intention to run this Fall for the Reeveship or nothing, if defeated my wife will be glad, "glad," very glad. If elected my policy will be to ask the Council to immediately appoint a Municipal Manager, in the person of yourself at a commencing salary of \$250 per month with car, rising \$25 alternate years, until a maximum of \$350 is obtained.

If circumstances warrant, in the meantime greater increase or a yearly increase, then it has my support.

My idea is that the Manager will have control over all administration and Municipal work. The position of Road Superintendent, working under the Manager, will be abolished. The foreman of each ward being responsible for the work undertaken, reporting all time-sheets and labor charts to the Storekeeper, who would be required to keep all records of the present Road Superintendent.

The present office staff would require to be re-adjusted. My idea in this regard is to disburse with the Misses Gilling and Bull, appointing in their place either Mr. Green or Mr. Bell.

The work now being carried out by Messrs Green and Bull to be undertaken by Messrs. Sewell and Bell or Green.

To appoint Miss Butt stenographer and Clerk and to give you a good senior Clerk-Bookkeeper as your side-kick.

The present male stenographer would act as second Clerk and Police Court Stenographer (if required).

A similar re-adjustment in the Works Department would follow. Now this is all figurative and needs careful thinking out and planning, but the outline above expresses my thoughts.

The whole point is that—you are, without my wishing to throw bouquets, of more use to the Municipality as Manager than as Clerk. Whilst as a Municipality we can afford to pay a Manager his dues, yet in the capacity of Clerk, I don't think we can.

Whilst the whole thing is speculative, yet there is consensus of opinion in favor of the Manager system. Whether my outline is on the right track is another matter, but it nevertheless affords a basis to work upon.

You will wonder why I am writing at this length. It has been said that you would "resign" if you had to suffer a decrease, however small, in your salary. Your name has never been specifically mentioned, but the inference has been there.

Now, whilst I shall probably be the "scape-goat" to move an all-round reduction of ten per cent. I do so in order to avoid a more drastic cut.

(Then follows a short paragraph describing my own personal experience as a public official.)

This is only a brief outline of a scheme that I have (worked out) in detail—if you care to criticize me, go to it for there is much to learn in Municipal work and management. Your suggestions might help to mould mine in more concrete form than is the case at present.

Above all—if the Council does pass this per cent cut—don't take the matter to heart, unless you feel that you must do so. That you would contemplate resigning does not enter my mind, as I am satisfied that if the Council come to the conclusion that a cut is, for the moment advisable, you will with your staff bow to their judgment, whether right or wrong.

I ask you to treat this confidential and if you wish to criticize, then I will, of course, show the same courtesy.

With sincere regard,
Yours very truly,
ERIC G. KINGWELL.

NOTED COUNSEL REFUSES SILK

Advices to-day from Vancouver confirm the rumor previously current here that one of the newly appointed King's Counsellors has declined the offer of that title. E. C. Mayers, one of the leading men in legal circles in the Province, has now confirmed the report, and gives his reasons for the action, which is without precedent in the history of the British Columbia bar.

"Having regard to the circumstances under which it was offered, I have refused," stated Mr. Mayers, who declined to discuss the matter further.

While attending the session of the Appeal Court here Mr. Mayers was said to have expressed his dissatisfaction at the preferred hono-

Washington, Feb. 8.—The former transport Northern Pacific, reported to have been destroyed by fire to-day, was turned over to the Pacific Steamship Company yesterday. THREE MONTHS FOR POSSESSION OF DRUGS

Drug Addict Gets Stiff Jail Sentence

In the City Police Court to-day William Atkinson was sentenced to three months in jail for being found in possession unlawfully of morphine and cocaine. The drug was found by the police in the lining of an overcoat worn by the accused, who denied possession, and stated that the drugs were "planted" on him.

Wong Gee Quong, charged with operating a punch board, was remanded for trial on Tuesday. R. C. Low appeared for the accused, William Breachwood was fined \$5 for failure to stop a motor car ten feet in rear of a street car, as required by the by-law. C. Churchill was fined \$10 for reversing the direction of his car at other than an intersection. Chief Fry acted as prosecutor to-day, in the absence of C. L. Harrison.

APPEAL DISMISSED

Hearing in Frumento vs. Richards is Dismissed on Division of Court.

The appeal of Frumento vs. Richards was dismissed on an equal division of the court, in the afternoon session of the Court of Appeal yesterday. Mr. Justice Gallihier and Mr. Justice Elberts would have allowed the appeal.

The appeal concerns the possession of a motor car described by Henry C. Hall, K.C., counsel for the respondent as a "family car," which stated counsel was owned at one time by the mother of the appellant, used by her son David Frumento, and transferred to her daughter, Lillian Frumento. The transfer, held counsel was to evade the execution of an order by the sheriff to seize the car. F. C. Elliott, for the appellant, submitted that the car was the actual property of the appellant, Lillian Frumento, and that the sheriff had no right to seize it for the debts of the brother, David Frumento. In the action in the Supreme Court before Mr. Justice Clement, continued counsel, no opportunity had been given to the plaintiff to cross-examine the

C. P. R. SOCIAL AND ATHLETIC CLUB

The friendly rivalry which exists between the Dance Committee and Card Committee of the Canadian Pacific Railway Social and Athletic Club is fostering that spirit of good feeling between members of the Club which is the aim and wish of the promoters.

The Card Committee have been holding very successful Military 500 drives in the Empress, and the Dance Committee blossomed out with a series of strictly invitation dances, the first of which was held last week, and which was such a decided success. Their second dance takes place at the Empress Hotel Ballroom on Thursday evening, February 16, commencing at 8.30. Prof. Ozard, with his five-piece orchestra, provides dance music of such a kind that the most fastidious dancer has nothing but praise.

On Thursday evening this week, the Card Committee are holding another Military 500 drive at the Empress Hotel, play to commence at 8.30 prompt. The tickets are almost all sold out and the Chairman says that not a single table will be vacant. The Canadian Pacific Railway is indeed fortunate to have such energetic Card and Dance Committees, whose members have little to learn about how their respective functions should be conducted.

Primary Chapters of Daughters of Empire Hold Annual Meetings

Excellent Reports of Year's Good Work In Peace-Time Activities; Officers Elected.

Complete refutation of the criticism that the Imperial Order Daughters of the Empire had finished its usefulness following the signing of the armistice is contained in the very excellent reports which are being given at the annual meetings of the primary chapters of this city. The care of ex-service men in hospital has been continued and the chapters have given material assistance to such deserving organizations as the Boy Scouts, Girl Guides, the Y. W. C. A., Travelers' Aid, Victorian Order of Nurses, in addition to donating pictures and books to the public schools and raising money for the Order's war memorial scheme.

BRITISH WOMEN ONLY ELIGIBLE TO CLUB OFFICE

Far-reaching Amendments Suggested to Women's Canadian Club Constitution

Important changes to the local constitution of the Women's Canadian Club were foreshadowed by the bringing in of a notice of motion by Mrs. C. C. Spofford at yesterday's meeting of the club.

In giving notice of the proposed amendments, Mrs. Spofford stated that it had been suggested that in order to ensure the carrying out of British ideals by the club, office in the club should be open only to women of British birth. A resolution to this effect had been passed by the club, but she felt that it was and was forwarded to the local club for endorsement.

On consideration of the resolution the local executive had thought the standard taken by the Vancouver branch of the club too drastic and suggested instead that the constitution be amended as follows:

Members shall be three classes of membership, active, associate and honorary; associate members (those who are not British subjects) may be elected upon the same terms as active members but shall neither vote nor hold office; only active members in good standing shall be eligible to hold office.

Another amendment designed to ensure the most democratic and representative form of election at the annual meetings suggests that at the general meeting prior to the annual meeting the club membership shall elect a nominations committee who will receive nominations for office and approach the candidates to ascertain if they are willing to stand. This committee should then report at the annual meeting those nominees willing to stand for election.

In explaining this proposed amendment, Mrs. Spofford referred to the conditions governing the elections under the present constitution, which allowed nominations to be given from the floor of the day of the election thus preventing proper time for consideration of suitable candidates.

The final clause in the notice of motion suggested that no officer, with the exception of secretary or treasurer, be eligible for office for more than two consecutive years.

FOLK SONG RECITAL AT CANADIAN CLUB

Seating accommodation at the ballroom of the Empress Hotel was severely taxed yesterday afternoon, over four hundred members of the Women's Canadian Club gathered to hear the very attractive programme given by the Ladies' Musical Club.

Mrs. Hyndman, the President of the Women's Canadian Club, was in the chair and with her on the platform was Mrs. Gideon Hicks, President of the Musical Club.

An interesting paper on ancient folk-songs and dance forms and their influence upon modern music prepared by Mrs. S. MacLure, was read by Mrs. G. Bushby. The various points in the paper were illustrated in pleasing manner by vocal and instrumental numbers by well-known artists.

The complete programme follows: British group—Vocal quartette, Old Scottish Folk-song, Mrs. William Smith, Mrs. MacLure, Mrs. Gillen, Mr. Waddington; old Irish air, "The Last Rose of Summer," Miss Eva Hart; old Welsh air, "All Through the Night," Mrs. MacLure; Herbie Morris, dance, Miss Irene Long; old folk song from Somerset, Mrs. William Brink.

French group—Two old Bergerettes, Mrs. Robert Baird. Hungary and Poland—National Anthem of Hungary, piano (from Liszt's 14th Rhapsody); Mrs. A. J. Gibson, violin, "Polish Dance" (Wienawski), Mrs. Hew Scott; piano, "A Polish National Dance" (Chopin), Miss Cordelia Cornfield.

Norway—Two old folk songs, Mrs. William Brink. America and Russia—Old Afro-American Slave Song, Russian Peasant Song, Vocal Quartette.

Mrs. A. J. Gibson and Mrs. C. A. Warr gave excellent support at the piano.

THE STORY OF CAROL KENNICOTT

By SINCLAIR LEWIS

Even this chronicle of voyages Harry interrupted with remarks on the advantages of the ball-gear-shift.

Kennicott gave up hope of adequate credit for being a traveled man, and telephoned to a garage for a Ford taxicab, while Juanita kissed Carol and made sure of being the first to tell the latest, which included seven distinct and proven scandals about Mrs. Swiftvale, and one considerable doubt as to the chastity of Cy Bogart.

They saw the Ford sedan making its way over the water-lined ice, through the snowstorm, like a tug-boat in a fog. The driver stopped at a corner. The car skidded, it turned about with comic reluctance, crashed into a tree, and stood tilted on a broken wheel.

The Kennicotts refused Harry Haydock's not too urgent offer to take them home in his car "if I can manage to get it out of the garage—terrible day—stayed home from the store—but if you say so, I'll take a shot at it." Carol gurgled, "No, I think I'd better walk; probably make better time, and I'm just crazy to see my baby." With their suit-cases they waddled on. Their coats were soaked through.

Carol had forgotten her facie hopes. She looked about with impersonal eyes. But Kennicott, through rain-blurred lenses, caught the glory that was Back Home.

She noted bare tree-trunks, black branches, the spongy brown earth between patches of decaying snow on the lawns. The vacant lots were full of tall dead weeds. Stripped of summer leaves the houses were hopeless—temporary shelters.

Kennicott chuckled, "By golly, look down there! Jack Elder must have painted his garage. And look! Martin Mahoney has put up a new fence around his chicken yard. Say, that's a good fence, eh? Chicken-tight and dog-tight. That's certainly a dandy fence. Wonder how much it cost a yard? Yes, sir, they're building right along, even in Winter. Got more enterprise than these Californians. Pretty good to be home, eh?"

She noted that all Winter long the citizens had been throwing garbage into their back yards, to be cleaned up in Spring. The recent thaw had disclosed heaps of ashes, dog-bones, torn bedding, clotted paint-cans, all half covered by icy pools which filled the hollows of the yards. The refuse had stained the water to vile colors of waste: thin red, sour yellow, stinky green.

Kennicott chuckled, "Look over there on Main Street! They got the feed store all fixed up, and a new sign on it, black and white. It'll improve the appearance of the block a lot."

She noted that the few people whom they passed wore their ragged coats for the evil day. They were scarecrows in a shanty town.

"To think," she marveled, "of coming two thousand miles, past mountains and cities, to get to here, and to plan to stay here! What conceivable reason for choosing this particular place?"

She noted a figure in a rusty coat and a cloth cap.

Kennicott chuckled, "Look who's coming! It's Sam Clark! Gosh, all rigged out for the weather."

The two men shook hands a dozen times and, in the Western fashion, bumbled. "Well, well, well, you old hell-bound, you old devil, how are you anyway? You old horse-thief, maybe it ain't good to see you again!" While Sam nodded at her, Kennicott's shoulder, she was embarrassed.

"Perhaps I should never have gone away. I'm out of practice in lying. I wish they would get it over! Just a block more—and my baby!"

They were home. She brushed past the welcoming Mrs. Bees and knelt by Hugh. As he stammered, "O mummy, mummy, don't go away! Stay with me, mummy!" she cried, "No, I'll never leave you again!"

He volunteered, "That's daddy." "By golly, he knows us just as if we'd never been away!" said Kennicott. "You don't find any of these California kids as bright as he is, at his age!"

When the trunk came they piled about Hugh the few weeks' snow on the wooden men fitting one inside another, the miniature junk, and the

FARMERS HEAR OF RECENT CONVENTION

(By Times Correspondent.)

Duncan, Feb. 7.—A well attended meeting of the Cowichan Branch of the United Farmers of British Columbia was held in the Agricultural Hall, Duncan, with the President in the chair. The President reported on the recent annual convention held in Vancouver, which he, W. Patterson and E. W. Neel had been present. Thirty-five locals had been represented there by fifty-two delegates.

Addresses had been delivered on "The Oriental Question," "Overlapping of Administration of Agricultural Matters by Government Departments," "The Live Stock Situation" and on political questions.

After Professor Killock's address on "Overlapping," the Cowichan delegates interviewed the lecturer on that subject and other agricultural subjects, including chemical research, with a view to reducing the cost of land clearing.

Discussion of this report took up the greater part of the evening. An important resolution asked the Government authorities to continue the services of W. M. Fleming, as District Agricultural Representative.

At a meeting of the directors of the Society held earlier in the day a similar resolution was passed and Messrs. J. Y. Copeman and W. Patterson were appointed to interview the authorities, point out to them the very great value of Mr. Fleming's work in the district and to urge that the office be continued.

A very pleasant tea was given by Mrs. P. G. Christmas, at her home, last week, in honor of Mrs. Wade, of Kamloops, who has been visiting her daughter-in-law, Mrs. M. Wade and Mrs. Christmas.

Farewell Party.

(By Times Correspondent.)

Cowichan Lake, Feb. 3.—Before taking his departure to England and joining the ranks of the Benedictines, Alec Wilson gave a most delightful farewell party last Monday night to his many friends at Miss Johnston's residence here, which was an unequalled success. The evening commenced with a most excellently organized whist drive. Keen competition for the two first prizes ensued.

Miss Johnston, as usual, proved herself a wizard with the cards, carrying off the ladies' first prize in great style. In score Miss P. Lomas was her equal, but fell down heavily when it came to cutting for the winner. T. Service walked away with the men's first easily. Mrs. Green, the winner of the hard-fought booby prize, was most generous with it, and kindly offered to share it with those present.

Dancing was indulged in by the more energetic members when the remainder played cards.

SOOKE PERSONALS.

(By Times Correspondent.)

Sooke—Mr. and Mrs. Robert S. Campbell and their young son La Mar have just arrived at the Sooke Harbor Hotel from Los Angeles. They are so delighted with Sooke Harbor and the district that they have decided to rent a picturesque cottage on the DeMamie Creek

Sooke River, with a view to locating in the district. La Mar has already commenced his studies at the Sooke School under the Misses McKinnon and he is the latest recruit of the local branch of the Boys' Naval Brigade.

William O. B. Higgs, son of William Miller Higgs, who has gone to Glenora, Duncan, where he will be with William Waldon and family for a while. Mr. Waldon is well known as secretary of the Cowichan Agricultural Association and his farm is noted as the home of some excellent registered Jerseys as well as for some of the best in Berkshire pigs.

Mrs. McBride with her daughter, Miss Agnes McBride, were visitors in Sooke over the last week-end. They were guests of Mr. and Mrs. Muford and spent a pleasant time visiting old friends.

Major Harold L. Holme, of Cowichan Station, is visiting the Sooke Harbor District this week making arrangements to commence building operations at his recently purchased home site on the Inner Harbor. Major Holme is greatly impressed by the possibilities of the four square miles of protected salt water in this inner basin.

Mr. and Mrs. Charlie Sorensen, of Jordan River, have just left for Revelstoke to take in the sports carnival to be held there.

George Jackson, who has been in the Sooke District for some years engaged in fishing around the local waters, has purchased a homestead at Saseenoo, where he intends to go in for providing boats for the use of visitors to this Summer resort. He is located close to Billings Spit, so well known for its splendid duck shooting in the Spring months.

On Sunday last Bishop Schofield was present at Holy Trinity Church, Sooke, for a confirmation service. He delivered a sermon which was much appreciated by the large congregation.

BASKETBALL GAME SOON AT SOOKE

(By Times Correspondent.)

Sooke—A basketball match has been arranged between the Naval Brigade and the local branch of the Girl Guides for Wednesday evening, February 15, at the Charter's Hall.

This is expected to draw a large crowd of on-lookers, for there is a good deal of speculation who will be the winners.

The Boys' Naval Brigade is keenly looking forward to the arrival of a ship which is understood has been promised from the local Pacific Steamship Company for the local brigade. Last Saturday, by way of change from the regular drill, a paper chase was organized and was greatly enjoyed by the boys.

Gold.

A visitor to Sooke reports that he has just heard that the rich find of gold near Whitewater, in the Upper Country, is attracting the attention of old prospectors and miners and no doubt, as the Spring months many will set out to the region of the strike, going by way of Ashcroft on the one hand and Lillooet on the other. It is stated on good authority that the gold is nearly "in place" and not waterworn. Already some men are going in by sleigh over the snow by the Big Spring route, by which route a Government man has been up this Winter to survey a road. There is every indication that this is likely to prove one of the most valuable gold fields discovered for many years.

ENJOYABLE EVENT AT SOOKE HARBOR

(By Times Correspondent.)

Sooke Harbor.—Notwithstanding the deplorable condition of the roads, which just now is a very general trouble owing to the break in the long spell of frost this Winter, many cars arrived at the Sooke Harbor Hotel for the dance and cabaret under the hotel management, and by

RHEUMATISM?

Health is the Most Valuable Asset You Have. You cannot afford to Neglect It

Crofton, B. C.—"I was troubled for years with inflammatory rheumatism and rheumatic fever. I tried several cures for rheumatism, but did not receive any benefit from any of them. I had been in the hospital for months, being unable to walk. A friend advised me to try Dr. Pierce's Anuric Tablets.

After taking the first bottle I began to improve, and after taking six bottles I had no more rheumatism. I think Dr. Pierce's Anuric is the most wonderful medicine that any one can take for rheumatism. I have recommended these tablets to several of my friends and they, too, have all been benefited by them."

People are realizing that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs any one would do well to get Dr. Pierce's Anuric Tablets which are to be had nowadays at almost any drug store or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for a trial package and write for free, confidential medical advice.

the time the basketball game between Jordan River and Sooke, which took place at Charter's Hall, was over the spacious dancing floor in the hotel was well filled. Not since the Navy League dance, held last year, has so good an entertainment been provided at the hotel.

Between the dances some excellent numbers were given by talented artists from Victoria. Mrs. Herbert Leiser, very tastefully attired, entertained the gathering with popular songs, while Bert Hough gave an exceedingly clever demonstration of the piano by playing two different airs in different keys with the right and left hand, and at the same time sang a third. To this feat he added splendid improvisations of "Sir Harry Lauder." The "Original" Bob Webb delighted the audience with his songs and stories, while L. D. McLean furnished some of his clever tricks in sleight of hand and mystic wonders. A splendid buffet supper was provided in the basement, which was tastefully decorated by flags for the occasion, and the musical programme was carried out by Mr. Heaton's orchestra. It was evident that all present had a most enjoyable time and Mr. and Mrs. Nicholson are to be congratulated upon the way in which everything was arranged and carried out.

INDIAN YOUNG WOMAN DIED

(By Times Correspondent.)

Sooke.—The news of the death of Miss Sophie George at Esquimalt on Monday last came as a shock to many who knew her. Daughter of Mr. and Mrs. Louis George, of the Sooke Reservation, a family much respected in the district, she passed away after a few months of rapid decline. Of a quiet and pleasant manner and an always happy disposition, she was employed at the Sooke Hotel. The sub-division known as Saseenoo was a memorial to this little Indian maid, for it was she who so named it, suggesting the word to the Company as meaning "land gently sloping to the water."

Nanaimo News.

(By Times Correspondent.)

Nanaimo, B. C., Feb. 6.—The annual meeting of the Nanaimo Creamery Association was held to-day in the City Hall. The following officers were elected for the ensuing term: President, James Gray; vice-president, George Coles; directors, R. Vicars, L. Thatcher, Holmes, Geo. Dunbar and Strickland; secretary-treasurer, Joseph Randle; finance committee, Messrs. Vicars, Dunbar and Thatcher.

The report of the secretary-treasurer showed the Association having had a successful year, the output for the past twelve months being 75,396 pounds of butter, valued at \$55,242.25, the largest output in the history of the Association.

The annual ball of the B. P. O. E., which is to be held in the Odd Fellows' Hall to-morrow night, promises to be the most popular social function of the season. The Elks hold the premier position as hosts in this city, and the event of their annual ball is eagerly looked forward to.

Under conditions which made perfect football an impossibility, the Nanaimo City team shared the points in the Island League fixture with South Wellington on the local cricket grounds on Sunday afternoon, neither team being able to score.

Mr. and Mrs. Geo. Cassidy, sr., of Crystal Glenn Farm, Cedar District, were surprised by a number of their friends from Cedar District Saturday evening on the occasion of their 41st wedding anniversary. After Mr. and Mrs. Cassidy had received congratulations the evening was spent in music and games.

Mr. and Mrs. J. S. Knarston left yesterday for San Francisco, Cal., on a visit to their son, Edward, who is a resident there. Mr. Knarston will attend the annual banquet of the Lincoln Grammar School, of which he was a pupil when a boy. It is customary to hold a banquet each year, invitations being issued to all ex-pupils who attended during the years 1865 and 1884. Mr. Knarston will be one Canadian who will wear a silver medal, which he won for proficiency, having obtained an average of 98 per cent, during the term he attended.

An important meeting will be held to-night, the object being to consider the possibilities of starting a basketball league for girls and women. It has been suggested that there should be a league for the women, and a junior league.

The G. W. V. A. is making great preparations for their Valentine dance, which will be held in Young's Hall on February 14. An energetic committee is working hard and will see that nothing is overlooked that will ensure the enjoyment of the evening. Their decorative scheme will be carried out in true Valentine style under the supervision of Miss Freethy, of the D. Spencer, Limited, with special lighting effects by Sparks Co. The members of the Malaspina Chapter I. O. O. E., who too were considering a Valentine dance, have not only postponed their dance, but have kindly offered their assistance to the G. W. V. A. and will

VETERANS PLAN FOR RECEPTION

G. W. V. A. Prepare For Comrade MacNeil's Visit

Owing to indications that there will be a tremendous demand on the part of ex-service men to interview C. G. MacNeil, Dominion secretary of the G. W. V. A. when he is in Victoria on Monday next, the local branch of the association last night decided to take full charge of all arrangements in connection with the secretary's visit.

Those desiring interviews with Mr. MacNeil must lay their case briefly before the local branch not later than 1 o'clock Saturday noon, when appointments will be made.

A committee of the G. W. V. A. is busy making all arrangements, and it is most likely that the Princess Theatre will be secured for the address to be given by Mr. MacNeil on Monday evening, if satisfactory terms can be arranged. Owing to the limited seating capacity, it was also decided that admission should be by card, applications for these to be made at the G. W. V. A. offices.

The attention of the meeting was called to a note of \$1,500,000 for relief of ex-service men in vocational training or who are pensioners, and it was pointed out that apparently the moneys would be handled through the S. C. R. A. A married man would receive \$60 per month and \$12 for the first child and \$10 for additional children, the maximum being \$82.

A single man would receive a maximum of \$45 per month. All pensions and incomes are to be deducted from this amount.

"This plant," said the caretaker, whose hobby was botany, "belongs to the begonia family."

"I see," said the lady who was looking over the flat. "How kind of you to look after it while they're away."

HEARTBURN

A SEVERE CASE

Many people are troubled with heartburn who really do not realize just what it is.

In cases of this trouble there is a gnawing and burning pain in the stomach attended by disturbed appetite. It is generally caused by great acidity of the stomach, and whenever too much food is taken, it is liable to ferment, and becomes extremely sour, causing heartburn.

Of such cases you often hear, and what is thrown up is sour and sometimes bitter.

The one way to get rid of heartburn is to keep your liver active by using

MILBURN'S LAXA-LIVER PILLS

and you will have no heartburn or other liver troubles such as constipation, jaundice, water brash, floating specks before the eyes, coated tongue, foul breath, etc.

Richards occupied the chair. The speaker of the evening was cordially thanked for his instructive address.

DENTIST CHARGES SUBJECT OF APPEAL

Hearing of Snipes vs. Gamage
Reviews Dental Practice

The account rendered by a dental surgeon to his patient, in the city of Vancouver, forms the subject matter of the appeal of Snipes (appellant) versus Gamage, the hearing of which opened in the Appeal Court here this morning. Chief Justice Macdonald presiding.

G. E. Housner appears for the plaintiff-appellant, with H. A. Maclean, K.C., for the defendant-appellee. The appeal is one from a judgment for plaintiff for \$45, while \$115.50 was the amount claimed for the professional services of Dr. T. W. Snipes, 718 Granville Street, Vancouver. The defendant, Mr. Gamage, of 675 Denman Street, Vancouver, refused payment of the account on the ground that the charges were exorbitant.

Evidence was tendered in the trial at the lower court, before Judge Grant, that the account was for a consultation, three gold inlays and an X-ray photograph of the teeth. Mr. Housner, for appellant, submitted that Dr. Snipes was one of the leading specialists in his line, and on the coast, and that his charges had not been unreasonable. The work required unusual skill, and it done by unskilled hands would occasion great pain and discomfort to the patient. The patient had been "difficult," continued counsel, being of a nervous disposition.

Counsel for appellant further contended that Dr. Snipes based his charge on the fact that he rated his operating time at \$15 an hour, with mechanical work "thrown in." In this operation the time had totaled nearly ten hours in all, added to which was the cost of materials and an X-ray photograph.

H. A. Maclean, K.C., for the respondent, held that the charges were exorbitant and that the learned judge had given a generous verdict to the plaintiff in the lower court.

The appeal was dismissed, two of their lordships being in favor of allowing the appeal.

ASTRONOMICAL SOCIETY.

At the annual meeting of the Victoria Centre of the Royal Astronomical Society, held last night at the Girls' Central School, the election of officers formed the principal business of the evening. The following were chosen: Hon.-president, Dr. J. S. Plaskett; president, W. E. Harper; vice-president, F. C. Green; secretary, A. Symonds; treasurer, Major Hibben.

An executive composed of Mrs. Christopher, with Messrs. Deane, Moore, Symonds, and Chadwick were appointed. Past presidents of the society are members of the executive, ex-officio. Dr. J. S. Plaskett, director of the Dominion Astrophysical Observatory; Dr. R. K. Young, and Dr. H. H. Plaskett gave brief addresses on subjects in the astronomical field. Dr. Young spoke on the Julian Day and the Calendar.

Demonstration. During this week Jack A. Cameron, field traveler, is giving a demonstration both at the showrooms of Geo. T. Mitchell & Son, 1417 Broad Street, Victoria, and also at a number of the berry farms of this district.

With the arrival in Victoria of the last word in simplifying the berry picking industry has arrived the "Mobile Seat" for berry pickers. This very clever and most practical device is being introduced to the growers of Vancouver and Gulf Islands by the firm of George T. Mitchell & Son, who are acting as exclusive distributors to the trade, having just closed final arrangements with the factory producing same at Vancouver this week.

To Save Stopping. The "Mobile Seat" is a device whereby the picker is relieved from the old-fashioned back breaking ordeal of stooping and kneeling all day, and it is now possible for the picker to remain seated during the entire day, which will not alone add to the efficiency of the persons picking, but will also assure the grower of being able to induce those picking to stretch their hours when the rush is on, and the berries are ripening. It will assure the growers of no loss on account of berries becoming overripe on account of the pickers being too fatigued to work longer hours. The "Mobile Seat" is also used for

A CYNICAL CONTRIBUTOR SAYS

A woman is as old as she looks
before breakfast.
The brilliancy of many a society
leader would depart if she lost her
jewels.
Some men go through a religious
university to take orders—others get
married.
Occasionally you meet a man who is
so courteous that he is actually
polite to his own wife.
No woman is thoroughly happy un-
less she has a few friends who can't
afford to dress as well as she can.
Some married women seem to mis-
take their man for a mandarin—they
are always picking on him.—Boston

FIRMNESS DISPLAYED
IN STOCK MARKET

(By Burdick Brothers, Ltd.)
New York, Feb. 8.—The market all in all gave a good account of itself in today's trading and there was an improved outlook for stocks. The announcement by the Atchafalaya Railway that it was its intention to expend a large sum of money this year for improvements on its system was a helpful influence as regards the equipment issues. The rails were better to-day and the St. Paul loading statement for January was decidedly favorable. The so-called Mexican oil displayed conspicuous strength at one time during the session as a result of what appeared to be an overcrowding short interest. Specialties were featured on the upside, such as Gulf States Steel, Studbaker, American Woolen and others. So-called independent steels were steady and there was a touch of talk that merger negotiations were progressing satisfactorily.

AUTOMOBILE SHIPMENTS

In December They Showed a Five Per Cent. Gain Over Year Ago.

New York, Feb. 8.—December Shipments of automobiles, says the bulletin of the National Automobile Chamber of Commerce, issued Jan. 11, were 105 per cent. of the shipments of December, 1920. Production by all factories is estimated at 79,794 cars and trucks.
December's shipments, partly estimated were 19 per cent. less than November's. In 1920 shipments in December were 14 per cent. less than in November. Shipping figures for the year are: By carloads, 195,853, as against 251,064 in 1920; driveaways, 144,377, as against 470,867 in 1920; boats, 22,244 as against 32,833 in 1920.
The Interstate Commerce Commission's statistics for 1920 show a total of 447,675 carloads of passenger cars, trucks, chassis and parts not including tires, and for the first nine months of 1921, 273,845 carloads. The difference between these figures and those given above represents shipments of complete machines from assembling plants, miscellaneous shipments by car owners and the output of makers of parts.

VARIATIONS IN
WHOLESALE ROWUpward Trend Is Aspect of
To-day's Trading; California Fruit to Arrive

Numerous breaks opened the trading along wholesale row to-day, and reports were made that many arrivals would be expected at the week-end. Australian oranges arrived on the Makura and will be on the market to-day. The so-called Mexican oil displayed conspicuous strength at one time during the session as a result of what appeared to be an overcrowding short interest. Specialties were featured on the upside, such as Gulf States Steel, Studbaker, American Woolen and others. So-called independent steels were steady and there was a touch of talk that merger negotiations were progressing satisfactorily.

Many advancements were registered on the quotations, while the New Zealand meat, although being quoted at 20 and 22 cents by some firms, is finding a very uninterested market, and until prices fluctuate they are liable to be ignored. Apple prices are holding firm at present, but are expected to advance at any moment. Grapes produced the usual encouraging change on the row, dropping their price a dollar and selling at 10¢ per bushel. Grapes produced the usual encouraging change on the row, dropping their price a dollar and selling at 10¢ per bushel.

BIG BUYING

OF JULY WHEAT

(By Burdick Brothers, Ltd.)

Chicago, Feb. 8.—After opening a cent lower than yesterday's close there was heavy buying in the wheat market caused by reports of high winds in the Southwest with damage to the winter wheat. There was especially heavy buying in the July wheat, which sold at 114¢, against an early quotation of 110¢. Foreign cables were decidedly lower, but this was ignored by the traders. There was continued buying throughout the session by strong interests. Closing prices were near the high of the day, with volume of trade very large.

The Alberni City Council held their regular meeting on Monday night, when the by-law to suspend payment of the Council's indemnity for this year, received a third reading, and was finally adopted and passed. The city clerk and the city foreman received thirty days' notice that their present contracts with the city would terminate March 1. The Council regretted very much having to take this step, but it was felt in view of the necessity of practicing the most rigid economy, that they would get this work done much more cheaply than at present.

TO-DAY'S TRADING IN
WINNIPEG MARKETS

Winnipeg, Feb. 8.—After a local and nervous opening to-day the wheat market derived strength from the Chicago market, the futures making strong gains about mid-session, when May reached a high of 115¢, after which the market again eased off. The closing figures showed a gain from yesterday's final price of 2 1/2 cents, which was a half cent down from the high figure of the day. Early in the session there was considerable selling, induced by a large amount of profit-taking.

In the cash wheat market trading was fairly active, good demand existing throughout the session, and notwithstanding the fact that the futures were continued to follow, with the result that the premiums improved over yesterday's. At any moment, however, considerable farmers' wheat changing hands, creating a larger volume of trading than for some time past.

The coarse grain markets, both cash and futures, were fairly liberal, with higher prices were prevailing. Inspections totalled 23 cars, of which 146 were carloads of wheat. Wheat—Open. High. Low. SENATORS HAVE GREAT CHANCE.

The Senators have a fine chance to lift the B. C. amateur hockey title. They will play their first game Monday night. The local fans will back them.

SEATTLE IS GREATLY WORRIED.

The Mets are greatly worried. They must win four out of six games to get into the play-off. Victoria has three games with them and wants two.

Seattle Feels It Has Gotta Beat Vancouver

Mets Have Backs to Wall and If They Lose To-night Their Chances of Getting Into Play-off Will Be Greatly Lessened—Seattle Is in Shape

Seattle, Wash., Feb. 8.—The Vancouver Cookies toddle into town today to clinch a place in the hockey play-off and quash the hopes of the Seattle Mets this evening. Pietro Muldoon and his band, full of fight right up to the ears, are determined to thwart the plans of the Northmen and put themselves back in the race by a victory.

To-night's session, third from the final game of the regular season, will see more at stake than any previous contest. In plain and simple language, the Mets have to win to-night, or else quit kidding themselves that they have a chance to win any championships this year.

The situation at a glance is as follows: Seattle must win four out of six games to get into the play-off. A defeat to-night would make it necessary to take four of its remaining five games, and as the age of miracles is past, its chances would be slimmer than a knitting needle. But a victory would put it back on even terms with Victoria and make it a favorite to land in the final round.

Just Gotta Win. "We gotta win," says Pietro Muldoon. So chirps Pietro Muldoon. So say the Met players, and so echo the fans, who have a hunch that the Mets are not yet hanging on the ropes and taking the count.

Certain it is that Seattle is ready for anything the Cookies have to offer. Bernie Morris has emerged from his recent joust with the bug, victorious. Roy Rickey's lame peg is almost as strong as ever, and every member of the squad is in fighting form. Muldoon says his boys are pepped up as they have not been all season.

The Mets should be favorites in to-night's game, even if they are trailing the league. Vancouver engaged in a torrid contest Monday evening, when Eddie Oatman's lads entertained them for the first time in a week's rest. Seattle will be playing on its own ice, and that is a distinct advantage.

Riley on Left Wing. Muldoon says the same line-up which won last Wednesday's game will start to-night. Handsome Jim Riley will hold forth on the left in when needed. Bernie Morris, Jack Walker and Frank Foyston will complete the forward line, with Rowe and Rickey on defence and Cap Hap Holmes in the net.

The tactics of the rival managers will be watched with interest. Muldoon's men play a more dashing game, endeavoring to get the jump, and then hold it. Vancouver usually resorts to the defensive style, in which they present a four or five-man defence and the opposing team at all times. When the break comes they bore in and take advantage of it.

The Mets, always stronger in the opening periods, hope to get off to a lead to-night, whereupon they will drop back and protect their advantage with most of the forward line, as well as the defensive trio.

Will Fight Hard. Vancouver, realizing that one game will put them on Easy Street, will try their hardest to slip over a victory to-night, and the local fans are looking for one of their hardest games. Jack Adams, the scoring sensation, sends word ahead that he has a few more goals in his stick, and promises Muldoon's defence a busy evening.

20% Dividend Declared Last Year; Look For Big Season This Year

Cincinnati, Feb. 8.—The Cincinnati National League Baseball club declared a dividend of 20 per cent last year, the same as in 1920, according to the report of President Herrmann, presented at the annual meeting of the stockholders yesterday. It was decided that prospects for the coming season were bright not only from a financial standpoint, but also for a fine team, which, with several new players, is expected to make a better showing than last year.

Senators Will Meet Mainland Champions In Play-off Monday

Local Champions Are Getting Into Pink of Condition For Gruelling Battles for B. C. Championships Next Week; Roy Copas and Ross Miller Will Be Big Help to Team This Year; Great Interest Over Games.

Victoria is to have the honor of staging the first game in the play-off for the amateur hockey championship of British Columbia.

According to a decision reached at a meeting of the Victoria Amateur Ice Hockey Association last night the opening game will be played at the Arena next Monday night. The Senators, the local champions, will meet either the Towers or Elks of Vancouver.

The Senators have been declared champions of the local league. They proved in the first three games of the season that there was nothing that could touch them in this city and as a result the officials of the league decided, with the approval of the Senators, to break up the team and strengthen the other clubs. At that time the black and yellow clad lads were declared the city champions.

Expect Towers Over. It will not be known until Friday night which club will represent Vancouver in this important series. Towers are looked upon as the likely crowd. They are now engaged in a play-off with the Elks and in the opening game won by 3-0. The second game is slated for Friday night. The Elks have a big job on their hands to beat the Towers.

The Senators know that they have a man-sized job to stop whichever team comes over from the Mainland, but they are getting down to training in earnest, and the whole squad will be able to step the distance like a lot of prize boxers.

The Senators will not have quite the same team for the fray as they had last year. Some may figure it a little strange, while others may count it weaker. The local champions will not have Hughie Burnett on their defence, and Leo Dowd will not be able to go the distance. Alex Straith will play in goal in place of Harry Stuart, who this year is playing with the Elks.

Senators Will Be Alright. Just the same the Senators will be capable of putting on a wonderful show. With Alex Straith in the cage the team will be assured of a steady hand and a true eye to keep the puck from the Vancouver sticks.

John Wickson will hold down a berth on the defence. John is always good in league hockey, but he shows at his best in championship games. He was one of the stars in the Vancouver-Victoria series last year. Roy Copas, who has been playing with the War Vets, will partner Wickson on the defence. This will be Roy's first championship game, but he is big and powerful, skates brook, packs a wicked shot and is good at breaking up attacks.

On the forward line the Senators will have Deidall in centre ice, and Harry Smith and Ross Miller on the wings. This trio would engage in about twenty games, the top extending over two months. If the professionals come the tour would be planned for the month of July, but if the amateurs make the trip Mr. Hilton proposes to bring them along later in the season.

Big Woodsman Who Wanted Crown, Lost "Tarzan the Terrible" Wanted to Whip Dempsey; Beaten By a Sailor

New York, Feb. 8.—Tarzan Larkin, Minnesota woodsman, who built an aircraft with a sign on the front gate reading "World's heavyweight pugilistic champion," learned last night that he would have to make some alterations. For Tarzan "the Terrible" as he is known in newspapers, suffered the first defeat of his ring career, being vanquished by a trotter of the globe named Sailor Maxtel.

Just a Hard Sailor. The woodsman's knowledge of the finer points of fist art was nil, his victories all having been won by virtue of the power in his right arm, while the sailor, boasting that he had bested the champions of more than 100 seaports, carried a punch, and displayed something of finesse. A clever footworker, as it were.

Sailor Weathers a Gale. The sailor weathered a gale of Larkin's rights for two minutes then let fly with a right that found the Terrible's chin. Tarzan's knees began to buckle and he leaned, as if resting, against the ropes.

A second tossed a towel into the ring and that was all. Tarzan awakened, stormed madly to change the ideas if they belong to the Chicago Nationals, following an order issued to-day by President William Veck that suits may not be worn longer than a week without being cleaned.

BALL PLAYERS MUST HAVE UNIES WASHED AT LEAST ONCE WEEK

Chicago, Feb. 8.—Athletes holding to the superstition that their uniforms should never be washed while they are in a batting streak will have to change their ideas if they belong to the Chicago Nationals, following an order issued to-day by President William Veck that suits may not be worn longer than a week without being cleaned.

Trail May Visit Here. At the meeting last evening of the local association reference was made to the fact that the Trail team, champions of the interior, might pay a visit to this coast and play exhibition games. The winners of the Vancouver Commercial Hockey League might also come over for a game.

It looks as if the local amateur season will wind up with a great deal of excitement. Interest has lagged sadly at times, but with the inter-city games there should be a revival. The officials of the B. C. Amateur Ice Hockey Association, who are in charge of the play-off for the provincial title, are counting on 2,500 people at the Arena next Monday night.

WANTS TO MANAGE VANCOUVER CLUB

BILL LEARD

Vancouver, Feb. 8.—Scrappy Bill Leard, veteran infielder, is candidate for the managerial job on the Vancouver Baseball Club this year. Leard's application was received yesterday at baseball headquarters, his letter following up a telegram received a few days ago, in which he expressed a desire to take over the reins here this season.

Bill piloted Victoria to a pennant in the P. I. League in 1920, and he wanted to come back last season, but was not signed. He played in a California league instead.

Two Outings Each Week. The new club will hold bike-rides every Wednesday and Saturday afternoon. The first outing will be held on Saturday next and it is expected that there will be a large turn-out. A regular route has been mapped out for the afternoon.

The Sporting Editor of The Times is in receipt of the following letter from the organizers of the club with the request that it be published: "In order to promote cycling, so that people may enjoy the pleasure and healthful exercise, as well as see the many beauty spots close to our city, we are endeavoring to start a cycle club."

"Heretofore in Canada the cycle has been looked upon as a conveyance to and from work, while in reality it can be used for as much as an automobile and is within reach of us all."

"On Saturdays and Wednesdays we hope to have groups of our members, both ladies and gentlemen, and young, visiting places of interest. We have been fortunate in having the services as organizer, H. Crossley, who has had experience in organizing this line in England, where he has organized several large cycle clubs."

The club will be known as the Victoria Cycle Club with headquarters at the store of Plimley & Ritchie, Ltd., 511 View Street.

"The first run will be held on Saturday next, February 11, at 2 p. m. when a trip will be made around the seashore, touching Rose Bay, Fowl Bay, McNeill Bay, through the Victoria Golf Links, Oak Bay along to Cadboro Bay and return via Uplands, the distance being about eighteen miles, at a speed to suit all. All are welcome."

SAYS SUNDAY GOLF ONLY DIFFERENCE

Story From Chicago Says England Prohibits Golf on Sabbath, But Is Wrong

Chicago, Feb. 8.—Sunday golf and not the slight difference in rules is the phase of the game as played in America that impresses British and Scottish players in this country. It was learned to-day from a representative of sportsmen of the former Great Britain who have toured America.

In Scotland and England there is no golf on the Sabbath except sporadically, and ancient records find some players for chasing the ball over the links on the Lord's Day hundreds of years ago. The peace of the course on Sunday has descended from the days of the strict Scotch Presbyterian times.

In America most of the golf is played on Sunday especially at the private clubs, although many play on Saturday and since the public links have become numerous thousands follow the links from dawn till dusk seven days a week. Some bugs have even tried to play at night, coating the ball with phosphorus paint.

Once again the Chicago scribes have fallen for wrong information. Golf is played on practically every course in England on Sunday. In Scotland, however, things are different, there being but few courses where the game is permitted on the Sabbath.

Cycling Club Formed; Two Outings a Week

Victoria Cycling Club Will Make Trips of About 18 Miles on Wednesday and Saturday Afternoons—Big Membership Expected

Bike-riding for pleasure is the latest sport in Victoria.

Usually folks who have enough money to own a bicycle use them for the purpose of beating the "punch-clock" in the morning. If most cyclists had to resort to a street car to make their job in time they would be out of luck, but with a trusty "iron-horse" at their disposal they are able to make the grade.

A new club has sprung up in Victoria. It is known as the Victoria Cycling Club and has headquarters at the Plimley-Ritchie Store, View Street. It will raise the bicycle from the class of a trusty friend to a role of the morning to a more lofty role. The bike will be a conveyance for providing healthful pleasure and exercise.

Two Outings Each Week. The new club will hold bike-rides every Wednesday and Saturday afternoon. The first outing will be held on Saturday next and it is expected that there will be a large turn-out. A regular route has been mapped out for the afternoon.

The Sporting Editor of The Times is in receipt of the following letter from the organizers of the club with the request that it be published: "In order to promote cycling, so that people may enjoy the pleasure and healthful exercise, as well as see the many beauty spots close to our city, we are endeavoring to start a cycle club."

UP-ISLAND CHAMPIONS WITH ONLY ONE LOSS TO CREDIT TO MEET "Y" TEAM

Duncan's famous senior basketball quintette which has only suffered one defeat this Winter, will appear here to-night. The up-islanders will take on the local Y. M. C. A. champions in an exhibition game at the "Y" gym.

The Duncan boys feel quite confident of their victory over the local boys' team, but that's going to be a very tall order. The farmers have a well balanced team, and can hit a fast speed.

The "Y" team is a pretty slick aggregation, and ranks as one of the best quintettes on the Pacific coast. If Duncan can win it will be a nice plum in their cap. The Victoria Crusaders and St. Andrew's will meet in the other battle. These games should get the fans well warmed up for the big tussle of the evening.

The first game will start at 7.30 o'clock. It is expected that the gym will be packed to the ceiling.

Two other games will be staged at the "Y" to-night as curtain-raisers to the main event. St. Paul and First Presbyterian intermediates will meet in one of the games, and the Crusaders and St. Andrew's will meet in the other battle. These games should get the fans well warmed up for the big tussle of the evening.

The first game will start at 7.30 o'clock. It is expected that the gym will be packed to the ceiling.

CANADIAN BOXING CHAMPIONSHIPS TO BE HELD IN CALGARY

Calgary, Feb. 8.—The Canadian amateur boxing championships having been awarded to Alberta for the first time in the history of the Amateur Athletic Union of Canada, local boxing supporters are anxious to have them rank as one of the most successful championship tournaments ever held under the Union. The championships are being held on April 20 and 21, under the auspices of the Alberta Branch of the A. A. U. of C. The Calgary Boxing Commission is in charge of the event. Entries close on Monday, April 17, with E. D. Battum, honorary secretary-treasurer of the Alberta Branch of the A. A. U. of C. The Victoria boxing pavilion, in which the meet will be held, is claimed to be the most modern building of its kind in the whole of Canada. It is of reinforced concrete and steel construction, contains permanent numbered seats for 3,000 spectators, the greatest distance of any arena in the world, and is constructed in 1920.

Springfield, Mass., Feb. 8.—Stanislaus Zbyszko, world's wrestling champion, defeated John Olin, of Finland, last night, winning in straight falls. The champion threw Olin in 35 minutes with a flying mare and won the second fall in ten minutes, and seconds with a double arm roll.

CAPITOL

The first actress to ride from coast to coast on horseback, and the first to establish the popular custom of making personal appearances at motion picture theatres. That was one of the unique feats of Cleo Ridgely, formerly one of the screen's most popular stars, who returns to the silver sheet for the first time in many months in the feminine heavy role in "The Law and the Woman." Betty Compson's new Paramount starring picture, which will be shown at the Capitol Theatre all this week.

"Horseback riding used to be one of my hobbies," remarked Miss Ridgely, "but I had enough of the saddle during that trip to last me for several years. I still have the horse, however—he is on pension and leads a quiet, easy life."

The trip required sixteen months and upon arriving at the West Coast, Miss Ridgely co-starred with Walter LeVino, of Clyde Fitch's notable play, being a Cecil B. de Mille production, "The Golden Chance." Miss Ridgely was then made a star and appeared in "The Love Mask," "The Love Pawn," and other notable screen successes. Since 1917, however, she has been in retirement, devoting herself to the raising of a family.

VARIETY

Peopled by the quaint characters of rural towns—real true-to-life folks and not the stereotyped "movie" figures—William Christie Cabanne's latest Robertson-Cole production, "Live and Let Live" will show to-day at the Variety Theatre. "Live and Let Live" deals with the age-old theme, that more good can be wrought by broad-mindedness than by intolerance and bigotry and prejudice. It unfolds a smashing story, full of tense action and with a delightful touch of romance to lighten the stronger moments.

COLUMBIA

Surprised in an attempt at Manila to steal the plans of a valuable war invention for an enemy agent, Bertie Nordstrom, called "The Yellow Typhoon," because of her golden hair and heartless manner, shot and killed the husband whom she had deserted some years before, after squandering his fortune. By a strange coincidence Hilda Nordstrom, Bertie's twin sister and a secret service operative, witnessed the crime. Thrilling events followed on an ocean voyage to San Francisco and a trip to New York, where the climax was reached in another attempt to get the plans. Anita Stewart plays a dual role as the twin sisters in "The Yellow Typhoon," the first National picture from the story by Harold MacGrath, which will be shown at the Columbia Theatre to-day for the last time.

Madge Bellamy, pretty and talented, has been selected for the title role in Maurice Tourneur's picture of "Lorna Doone" for First National. Frank Keenan will have the part of "John Ridd," the stalwart hero of the novel.

WELSH GOLD FOR WEDDING RING

Princess Mary to Wear Band
of Gold Panned by
Old Miner

Panned from the bed of a little Welsh stream in the glens north of Dolgelly, North Wales, gold for the wedding ring of Princess Mary has been delivered to the royal goldsmiths for preparation.

Gold deposits were discovered near Pistya-y-Caen and Rhaladr-y-Mawd-

drach by Mr. Pritchard Morgan (an ex-M.P.) in 1888, and a quantity of gold had been extracted before the mines closed down in 1914.

When the engagement of the Princess was announced, Mr. Pritchard Morgan offered to supply Lord Lascelles with sufficient gold from his Welsh mines to make a wedding ring.

In accepting the viscount offered to pay for the gold, but Mr. Pritchard Morgan asked him to accept the metal as a wedding gift. Queen Mary's wedding ring was also made of gold from Wales.

To procure the metal it was found necessary to take washings from the bed of the River Mawddach as the gold mine, one of the Morgan group, has been long closed down, and over half an ounce of gold was obtained by an old-time miner in the district.

CANDIDATES AT GORDON HEAD

Councillor Simpson Favors
Re-assessment

Every seat in the Gordon Head Hall was filled last night when J. W. Fullbrook, of Ward Seven, called upon Mr. Simpson to speak in his campaign for the Reevehip.

Mr. Simpson asserted that his entry into the contest was in response to constantly reiterated demands, and the urging of the sense of public duty possessed by nearly all men born to British privileges.

"No doubt my friend, Mr. Watson had the best filled the bill, and done his work to the best of his ability, but there always comes a time for a change," he said.

A lady interjecting, "when we have a good man we want to keep him," Mr. Simpson retorted, "Yes, until there comes along a better one."

Asked as to his experience as Reeve of Saanich in Manitoba, Mr. Simpson replied he had served two years, about twenty years ago, and enlarged upon the need of a change, believing no man should hold such an office as Reeve for more than two years.

Equality of Expenditure.

"I am not disputing the fact that you will probably roll up a majority for Reeve Watson, just as I will here over a fine highway, last night I drove to Prospect Lake over roads as tough as you can imagine. What I refer to is the expenditure of public money on a more equitable basis," he said.

Mr. Simpson touched upon the waterworks extension, stating he had voted for the project, and any one saying he did not favor carrying the work to completion "would not be telling the truth. I hope it will be completed as soon as possible," he said.

"I would stand, if elected, for a revision of the assessment of your lands. I say that where boom prices have prevailed you need a re-assessment from time to time, to bring assessments in accord with prevailing values, changes to be made after personal inspection by the assessor." The cost he regarded, but he believed it but a trifle compared to maintenance of the principle of what is right in equity. "I hear lots of complaints on this matter as I move around," he said.

Dealing with the error causing the new election, Mr. Simpson declared that no moment should have been lost in rectifying the mistake.

Charges Unkindly Words.

Mr. Simpson criticized Reeve Watson as being flippant of the feelings of others, asserted that from public platforms his opponent had hurt the feelings of voters. "I don't want to hear any more such remarks made of these people, who bring their money here," he said. "I mean to uphold the right of the prairie settlers here," said Mr. Simpson, "there is no better class of people coming to this part of the country."

On tax bill surcharges of 15 per cent, Mr. Simpson said to be a big impost, 8 per cent is plenty, and one municipality at least should stand out to secure an amendment by the Legislature.

Turning to the school question, Mr. Simpson declared Saanich to have "pretty good schools through the rural districts, comparable with any I have seen throughout the country. He believed in generosity combined with value for every dollar spent."

served last year as Councillor for Ward Seven, he said, "I am satisfied by my service, that is, save a few malcontents who nobody could satisfy."

"I have no occupation at present, and if you think a change would be beneficial at this time, I ask that you consider me," he said in closing.

Vote Indisinct.

Asked: "Don't you think we have had an expression of the will of the people?" Mr. Simpson replied, "a portion of the people." His interlocutor continued, "a strong and unusual vote of the people. It is a pity we should be put to this trouble and expense by you," whereupon Mr. Simpson retorted, "I, as a personality, have never been before the people," and asserted the election to be due to the Government.

A lady asked, "why, if the election was illegal, do the same candidates stand again?" Mr. Simpson said "that is their option, it is also the option of anyone else to come into the matter."

Mr. Simpson, when asked about the Health Centre, declared the press report of remarks made at Keating recently to be inaccurate. He was challenged by J. Salmon and replied, "I have no objection to your being an unscrupulous person, for I can bring others who say I did not make those remarks. They were made from the floor in the front of the meeting."

Chairman Fullbrook thanked the meeting for the courteous-hearing given Mr. Simpson, and invited the audience to appoint another champion and continue on other business, as he and Mr. Simpson had to attend another meeting.

Reeve Watson.

W. F. Somers was then voted to the chair and Reeve Watson invited to speak. He dubbed "unfair" to say the least" Mr. Simpson's assertion that he had cast reflections upon newcomers from the prairies.

He retold the humorous tale which was the subject of Mr. Simpson's criticism and reminded the audience that, as his audience was aware, he was surrounded by "unfair" to say the least" Mr. Simpson's assertion that he had cast reflections upon newcomers from the prairies.

Explaining why sinking fund surpluses are not available for unemployment relief, Reeve Watson said they were trust funds, and so long as he is Reeve they will not be touched for other purposes. The Reeve declared the question of diversion had been put to him at Tillamook last Saturday, and this statement was his answer.

Mr. Watson said that the present administration wished to stay to office because the people had expressed their wish for them to do so.

Criticizes Pipe.

C. W. Irvine stated that pipe being delivered for waterworks extension is but 1 1/2 inches, instead of 1 3/4 inches in diameter. He asked if an inspection was being made, and Reeve Watson declared an inspector is now at work had not yet made a written report but had verbally declared the pipe satisfactory.

Frank V. Hobbs and Councillor Vantreight spoke shortly at the close of proceedings.

SEEK PLANS TO BENEFIT ISLAND FARM INDUSTRY

Fruit Industry in Good Position
This Year

Why Vancouver Island fruit growers are in a better position this year than ever before to market their crops was explained to the Chamber of Commerce committee which is investigating the agricultural needs of the island by Thomas Walker last night. Establishing of a pre-cooling plant was contemplated, he said, and added that growers would be able to sell their surplus berries to several jam factories, notably those operated by Beach and Eakins, the Laurel Canners and the Empress Jam Manufacturing Company.

The growers will not have the advantage which they had three years ago, when they were able to receive payments on shipments as soon as the cars were loaded," Mr. Walker went on to say. "The banks closed down that arrangement, but the farmers have the consolation of knowing that the demand for jam facilities will be on a sounder basis, and the cost of processing, which worked such hardship on growers during the last two years, will be largely eliminated."

Eliminate Chinese Peddler.

"What Victoria needs is the elimination of the Chinese peddler and the broadening of the Public Market facilities so that the goods grown by Orientals as well as by whites, may be placed on sale under one cover," Mr. Walker declared when the committee discussed the question of Oriental competition. "If that plan were carried out I guarantee that the white man would come on top in five years. It would simply leave the issue to the consuming public. I am satisfied that there are men living on farms near Victoria who can grow stuff as cheaply as Orientals. It depends a great deal on what goes into the soil."

Improve Market Facilities.

The committee recognized the importance of improving the marketing facilities for island-grown produce. Efforts may be made to revivify interest in the plan to effect a reciprocal arrangement between the Governments of British Columbia and the Prairie Provinces whereby Prairie officials would co-operate in marketing the products of the island, and British Columbia agents would assist in selling Prairie produce on the coast.

Broaden Investigations.

The Chamber of Commerce committee decided to broaden the scope of its development programme so that the whole Southern portion of the island, instead of the Saanich district, should be included. A list of representative men of the districts under consideration has been compiled and they will be invited to meet the committee to discuss the future. J. A. Griffith presided last night.

Among those who will be asked to co-operate with the committee in future meetings are the following: W. F. Somers, F. N. Borden, Dr. S. F. Talmie, M. P. President and Secretary of the Gordon Head Fruit Growers' Association; M. Dean, of Keating; G. Stewart, of the B. C. Fruit Growers' Association; G. H. Walton and W. H. Davies, of Saanich; F. Turgoose and Ferguson, of Saanich; J. S. H. Matson, George Sangster, George Clark, F. Verdier and W. O. Wallace, of Sluggish; Edna Milne, of Milne's Landing; Captain George Turner, of Colwood, superintendent of the Bagan Bay Experimental Farm; E. E. King, of Hill; E. M. Streight, Fred Dawson, Dr. J. S. Plaskett, H. H. Grist, of Royal Oak; Jack Rithet, Eric C. Kingswell, S. E. Raven, Reeve and Council of Saanich; H. O. Kirkham, R. D. Hillis and E. T. Raper, of Strawberry Vale; Bradley, of Colwood; J. A. Sayward, Dr. C. H. Hart, C. E. Whitney-Griffiths, William Sweetman, of Metchesin; F. F. Higgs, Miller Higgs, and the President of the Sooke Farmers' Institute.

NEARLY CRAZY WITH PAINS IN BACK

Read How Lydia E. Pinkham's Vegetable Compound Helped Mrs. Beecroft

Hamilton, Ontario.—"I have suffered for three years from a female trouble and consequent weakness, pain and irregularity which kept me in bed four or five days each month. I nearly went crazy with pains in my back, and for about a week at a time I could not do my work. I saw Lydia E. Pinkham's Vegetable Compound advertised in the 'Hamilton Spectator' and I took it. Now I have no pain and am quite regular unless I overwork or stay on my feet from early morning until late at night. I keep house and do all my own work without any trouble. I have recommended the Vegetable Compound to several friends."—Mrs. Emily Beecroft, 16 Douglas St., Hamilton, Ontario.

For nearly five years women have been telling how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast.

If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It has helped others, let it help you.

TO SEEK TO AVERT BUILDING WAGE CUT Carpenters to Ask Conference With Builders Here

Efforts to avert the wage reduction decided upon by Victoria builders last night were made by a meeting of carpenters in the Trades Hall last night. A committee composed of Messrs. Clark, Russell, McLennan, Leeson, Elliott and McLeod, named at the meeting, will endeavor to secure a conference with the builders exchange and to prevent the inauguration of a \$5 wage. The committee was instructed to stand out for the Vancouver scale, or \$6 per day of eight hours.

It was pointed out that Vancouver carpenters had conferred on wage matters with their employers and these conferences had produced excellent results. The new wage scale there, it was stated, will be at least \$6 per day of eight hours. While some carpenters thought that the Builders' Exchange would refuse to meet the employees, others held that it would do so, and would produce the public against the exchange. If the committee should fail to secure a conference with the builders it will outline the carpenters' position in a letter to the press. Another general meeting of carpenters will be held next Tuesday to hear the report of the committee.

As a result of last night's meeting efforts will be made to bring all non-union carpenters into the union.

Ben Sirmonts, of the Amalgamated Carpenters' Union, presided.

YOUTH WILL SECURE
PEACE OF WORLD

"It is youth that will make and keep the peace of the world," Sir Philip Gibbs told The New York World interviewer. Sir Philip will lecture here next Monday.

"For youth knows war—know too much of it to want another. And the future of the world is in the hands of youth, not in the hands of the old men, old in ideas and ideals if not in years, who have been muddling up this world."

Although in the last two or three months, I believe there has been a marked change for the better, a forward movement toward peace and sanity in the world's affairs," he added, cheerfully. "Of course, the Disarmament Conference has helped the limitation of navies has been a splendid thing. But it seems to me the most valuable result of the conference has been in its effect on disarming minds. It has started people talking, everywhere, about the possibility of world peace."

When the Irish question has been settled—the way that dragged on since the armistice was a disgrace. The settlement not only makes for peace between England and Ireland, but removes so much cause for antagonism between us and you. And Lloyd George and his friends seem a written report but had verbally declared the pipe satisfactory.

Frank V. Hobbs and Councillor Vantreight spoke shortly at the close of proceedings.

CRUSADERS TO HOLD RE-UNION BANQUET

Commemorate Eighth Anniversary of Signing of Charter

Friday night has been set aside by the Crusaders' Bible Class, as the biggest and most important event in the history of the class, as it commemorates the eighth year of their signing of the charter, which they received on February 6, 1914. The members are looking forward with interest to this big annual re-union banquet, which is to be held in the Orange Hall, as the affair of the season.

The Crusaders have a splendid history behind them, and have every reason to be proud of the work done by this energetic class of boys who were organized in December, 1913. Both in religious and secular life they have taken an active part in the work allotted them.

A brief history of the class has been compiled, and presents a programme of activities that any organization would envy. Receiving their charter in 1914 they have developed into one of the most important Sunday School factors in this city. When the call of war came in August, 1914, the Crusaders produced a fine set of young men who willingly gave their services for their country. An honor roll hangs in the club rooms which shows a list of seventy names of young men who served overseas while three of their members gave their lives for their country. Lieut. Frank Ward, Ray Macdonald and Reginald Reid were the three youths who thus answered the call.

Both in sport circles and entertainment the Crusaders have been in the fore in bestowing the best that they could produce in everything they entered. There sports are widely known by both city and outside districts entering teams and lads in practically every line of sport, including basketball, running, football hockey and many other branches. Jimmy Buckets is a prominent figure in the sporting events and carried off first prizes in Y. M. C. A., J. B. A. A. and G. W. V. A. track events, while Ernie Cull also secured places in the same event.

The 3 K's have been heard of by everyone in this city and in outlying districts and it was through this obliging company of entertainers that such good work was done for various organizations besides providing Christmas entertainment for kiddies in need of some recreation.

Recently W. Maynard took over the teaching of the class and is very popular among the boys of the organization. The following are the officers of the class: President, J. Buckett; Vice-President, Eddie Blair; Secretary, Bill White; Treasurer, J. Dowds.

A committee of three have the arrangements for the re-union banquet in hand and have issued some 120 invitations to active and out-of-town members. All Crusaders will recall the seventh annual event and will welcome the announcement that an equally good time will be had this year. Speakers are being obtained for the occasion and toasts will be presented from the various tables and everyone is assured a good time.

HAVE YOU GOT A GROUCH

because money doesn't seem to be lying about loose? That means you are not getting the business you ought to have. You could get your share NOW. Some merchants get into the dumps and refuse to get out; other chaps take a hitch in their belts, make their stock worth while, and let some good advertising do the rest. The little black twins are not in it for work compared with proper and consistent advertising.
